

ELIE SAAB

JUNIOR

SPRING SUMMER 2022 COLLECTION

The **ELIE SAAB Junior** Spring Summer 2022 collection is a feast of precious details, rich fabrics and high quality manufacturing techniques, expressing refinement and elegance in a contemporary key.

The magical allure inspires the Junior collection on a journey that starts in the French Riviera and ends in the East.

The elegant **sailor theme** is expressed in a variety of ideas, ranging from high ceremony to more everyday solutions. The sumptuousness of organza and tulle comes in midnight blue and pure white, a royal and modern style that is expressed in the embroidery on the fronts of dresses and tops. A delicate play of horizontal and vertical stripes adorns the refined jumpsuit with broderie anglaise sleeves, the bomber jacket, the dress finished with lurex trimmings and the sophisticated blazer paired with blue trousers with gold buttons. The seersucker fabric intertwines with delicate floral pattern broderie anglaise to create a collection of refined garments that are still suitable for everyday wear. Jersey gives that sporty touch to the wide-bottomed dress and the blouse with blue and white horizontal stripes, both embellished with the gold ELIE SAAB logo.

ELIE SAAB's little girls love the **vibrant** yellow or pink **jacquard** that decorates ultra-elegant dresses, skirts and shorts. The super shiny gold lurex adorns the jumpsuit, and the soft, constructed volumes add an original elegance to the jacket and trousers ensemble. The long dress, sweatshirt and trousers come alive with ruffles and drapes that create unexpected plays on shapes.

Delightful garments made of light **cotton muslin**, with monogram embroidery on a pink or black background with white polka dots, have been taken from the women's collection. 3D **embroidered flowers** take over dresses, skirts, and wide trousers, and decorate the puffed sleeves of T-shirts.

Light effects are created by the **exquisite** black **satin** that characterises the black & white maxi dress, enriched by the sinuous final scalloping and by large bows on the armholes. There are also total black dresses, blouses and trousers enhanced by ruffles on the sleeves and bottom.

ELIE SAAB

JUNIOR

The looks for boys are refined and charming. A stylish dinner jacket with matching bow tie for the most magical evenings. The sailor-themed striped blazer is also presented for boys, combined with blue and white shorts. The sporty proposals feature patches on sweatshirts and T-shirts give the looks a gentle taste of sea.

ELIE SAAB's **baby and nursery** collection is all about softness, gentle waves and subtle colour accents. An amusing interpretation of the refined style dedicated to little ones. The pure white of the christening robe has a delicate ton-sur-ton embroidery, a unique sartorial detail. Puffs and gathers for mini dresses and bon ton blouses echo the colours and patterns of the junior collection.

The **Spring Summer 2022** collection is completed by a series of refined accessories such as the tiaras with the gold logo or the cute beret or fisherman hats that recall the colours and patterns of the collection.
