

MISSONI

SUMMER CAPSULE COLLECTION

The **Missoni Kids** Summer capsule collection is colourful, fresh and cheerful.

The boy's segment centres around **intense shades** of yellow, light blue and celeste, while the girl's segment features tones of lighter yellow, which are blended with delicate pinks and magenta.

The **zig-zag print**, much like the slub pattern, is proposed with vibrant and harmonious colours.

The **materials** used are cool and versatile.

From lightweight cottons to heavier options, from muslins to gabardine, and more classic swimwear fabrics, such as lycra and nylon.

All the garments sport strong Missoni personalisation.

Amidst prints, embroidery and yarn-dyed fabrics, all of the Maison's identifying traits are represented.
